2027 Agenda Topic Workshops
CNIA Host District Availability

Agenda Topics *MAY* be available by our ACM on February 20th, which only leaves us 5-7 weekend days available for Agenda Topic Review Workshops before our Pre-Conference Assembly April 3-4.

Weeknights may be an option for centrally located districts, and the Area will likely host up to two online Agenda Topic Review Sessions on a weeknight, as well.

Our goal is to maximize participation to include districts to the far north and south of our area, as well as maximize participation from our linguistic districts. Please review the available weekend days listed below and **identify ALL possible dates that your district may be available to host and/or co-host with another district.**

Districts can review these dates with their groups to confirm interest and availability, then we will review possibilities and confirm dates at our November ACM.

** Please indicate if your district has an option for Back-to-Basics housing.*

District	DCM/Contact	Saturday 3/13	Sunday 3/14	Sunday 3/21	Saturday 3/27	~~Sunday 3/28~~ Fri 3/26	Other
09	Craig C. (541) 646-1120	X (1)	X (2)		X (3)
